

Doing God Work

Mission Adventures - Spring Break

Mission Adventures is an amazing short-term missions opportunity. Students from all over the country come to Mexico each year to participate in this life-changing event. These students are from all walks of life and they are from youth groups, Christian schools as well as public high schools.

Students come down for 7 days and learn more about who God is and His plans for their lives. They come face-to-face with the reality of the world around them. Some come and build a house for a needy family through our Homes of Hope program. Some simply go and love of the people of Ensenada. They are involved in ministry with local churches, orphanages as well as street evangelism. Students leave with a larger world-view and a better understanding of God's love for everyone. They are often enthusiastic about taking this knowledge and applying it back home by working with local organizations.

I have been very blessed in my role as Mission Adventures Administrator because I have the best of both worlds. I am able to help plan each teams outreach and I am able to go out with them each week. God is continuing to show me His plans for my life and how they work hand-in-hand with Mexico.

Homes of Hope

Searching for something meaningful to do with your time ?

Give away a house to a family in need in Mexico. Find out how you can get involved.

Did you know that most of the country of Mexico lives in extreme poverty? Did you know that most of the citizens of Mexico do not have proper housing? Did you know that Mexico does not have home loans and people must pay cash for their homes? Did you know that the average working man in Mexico makes about \$100.00 a day and many make less than that?

For as little as \$300.00 plus travel expenses, a team of about 20 can come and build a house for a family in need in 2 days through our Homes of Hope program. Teams come down every weekend all through-out the year to build homes. Each home costs about \$5,000.00 to build and all you have to do is sign up, YWAM does all the rest.

This is another of the ministries that I have been blessed to work with. I have been able to get to know some of the families that we build for and have experienced their joy as they finally are able to get off the dirt floor and into a concrete secure house.

For more details about how you can be involved [click here](#).
